

Aiming to gain QTLS status?

You can now apply for
QTLS status with the
University of Greenwich

The University of Greenwich (UoG), School of Education would like to invite qualified Further Education lecturers/teachers to apply for Qualified Teacher Learning and Skills (QTLS) status. Working in partnership with the Education and Training Foundation and building on the principles of QTLS status as set by Society for Education and Training, the professional membership body, we aim to support you in the application and completion of the QTLS workbook. We will provide workshops aiming to direct you through the professional formation process, preparing you for submission of your application.

Delivery of workshop sessions by experienced assessors offer a detailed step by step approach to the professional formation process incorporating time saving hints and tips to help you complete the sections of the workbook. Workshops for applicants also include the development of critical analysis skills and reflective practice. Workshops for Supporters, who guide and mentor applicants through the QTLS process, will also be available. This will include detailed guidance on conducting observations and completion of documentation linked to the Professional Standards (ETF 2022).

QTLS status advances FE teachers in their careers and demonstrates improved expertise and experience as reflective practitioners. There are many benefits of having QTLS status including recognition of valuable Continuing Professional Development, building confidence, enhancement of teaching practice and development of reflective practitioners. SET members with QTLS can use the initials as a designation which demonstrates commitment to employers and enhances career progression.

How to apply?

Application period ends on 24 October 2024. The professional formation period is Monday 20 January to Monday 30 June 2025. You will need a supporter for the duration of the professional formation process and continue to be a member of SET.

QTLS status is recognised in law as equal to QTS for teaching in schools and clears the way to applying for Advanced Teacher Status.

**QTLS
LICENSEE**

**University of
Greenwich,
