

## About Me Questionnaire (Ages 7 to 11)

**Investigator Name:** \_\_\_\_\_ **Date:** \_\_\_\_\_

Notes to researcher: This is the primary version of the About Me Questionnaire, designed for completion by children in primary education aged 7-11 years old, with the assistance of a researcher.

Prior to administering the questionnaire researchers should explain to respondees that they will be rating how much they agree/disagree with a series of statements. In the primary version of the About Me Questionnaire pictures of faces are used to reflect the respondees level of agreement, as clarified below. Pictures of faces should be visible to children at all times when responding to the questionnaire.

Question 1 is a test question, to be used for the purposes of familiarising the child with the rating system.

### Participant details:

First name: \_\_\_\_\_ Surname: \_\_\_\_\_

Male  Female  Age: \_\_\_\_\_ Year group: \_\_\_\_\_

Name of school: \_\_\_\_\_

Class teacher: \_\_\_\_\_

Number of Brothers: \_\_\_\_\_ Number of Sisters: \_\_\_\_\_

### Question 1

What is your favourite colour? \_\_\_\_\_

Least favourite colour? \_\_\_\_\_

Favourite food? \_\_\_\_\_

Least favourite food? \_\_\_\_\_

Notes to researcher: explain face measures at this point – see last page.

<b>Which face shows me:</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
1. A) <i>your least favourite colour</i>					
A) <i>your favourite colour</i>					
B) <i>your least favourite food</i>					
C) <i>your favourite food</i>					
2. how much you like playing on your own instead of with your friends					
3. how much you like doing the same things as your friends					
4. how much you like playing with your friends					
5. how much your friends are like you					
6. how much you like doing things on your own at home					
7. how much you like doing the same things as the rest of your family					
8. how much you like being with your family (specify if necessary)
