

# GEP Points FAQs

## A. New points system and streamlined awards

To achieve the full Passport, you need to receive and earn a total of 250 points throughout your studies at the University of Greenwich. **Completing each Pathway will award you 50 points**, so to achieve the full Passport you have to complete five different Pathways. However, we encourage you to go beyond this, and complete as many Pathways as you can to achieve the maximum rewards.

Streamlined rewards for points earned:

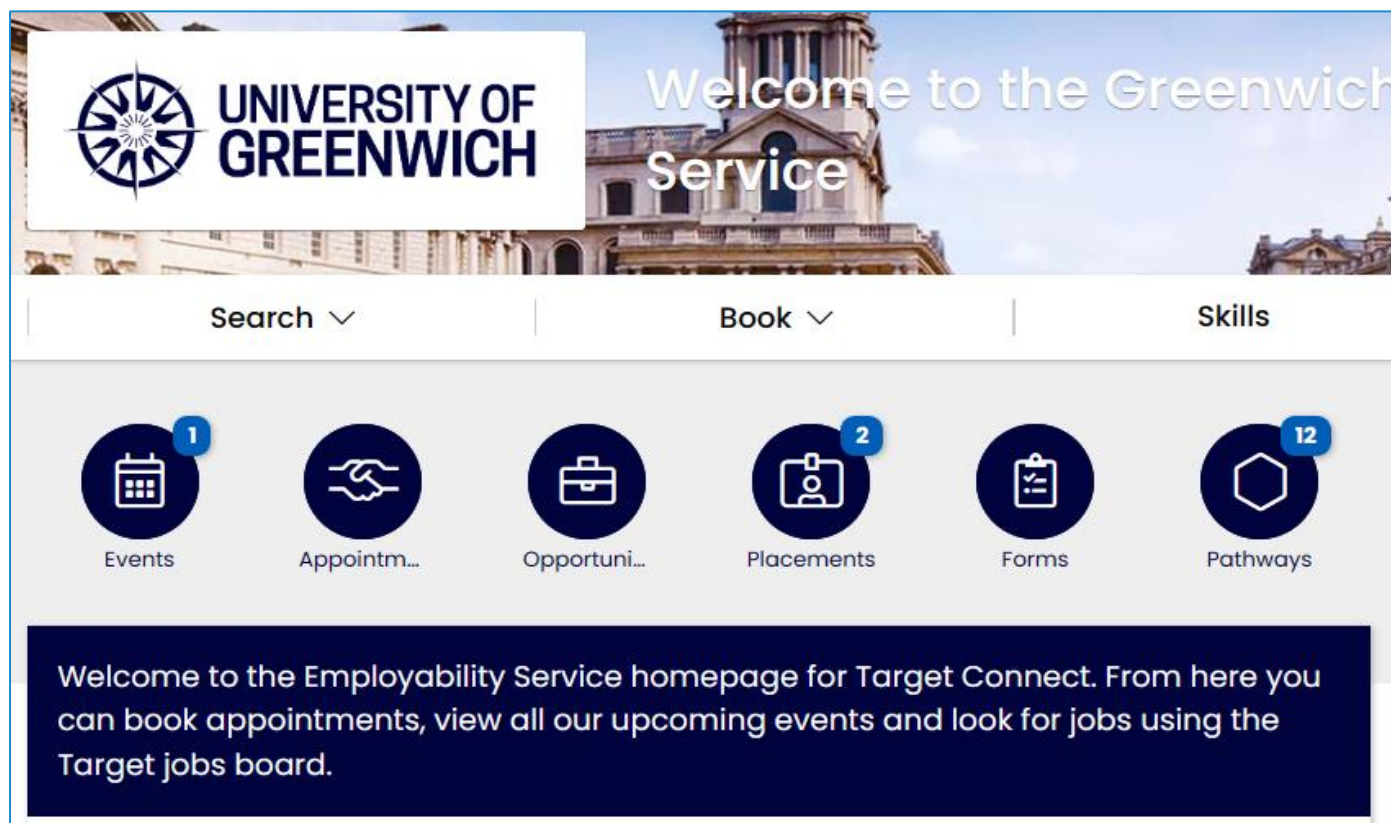

- **250 points (5 Pathways):** Greenwich Employability Passport (GEP) Certificate
- **300 points (6 Pathways):** LinkedIn Recommendation
- **400 points (8 Pathways):** A professional headshot photograph to add to your networking sites

You only get points from completing certain GEP Pathways, you do NOT get points for the **GEP - Getting Started** and **GEP - Recognising Previous GEP Points pathways** as they don't contain learning modules.

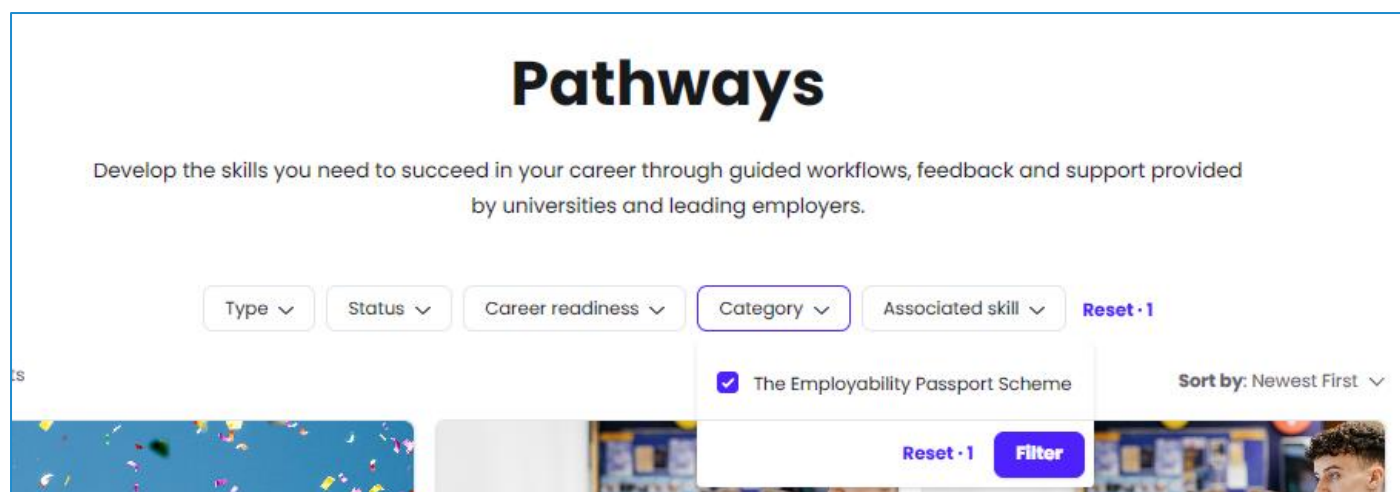

## B. How do I count my GEP points?

You can easily see how many pathways you have completed by logging into Target Connect and then selecting **Pathways** in the notification bar:

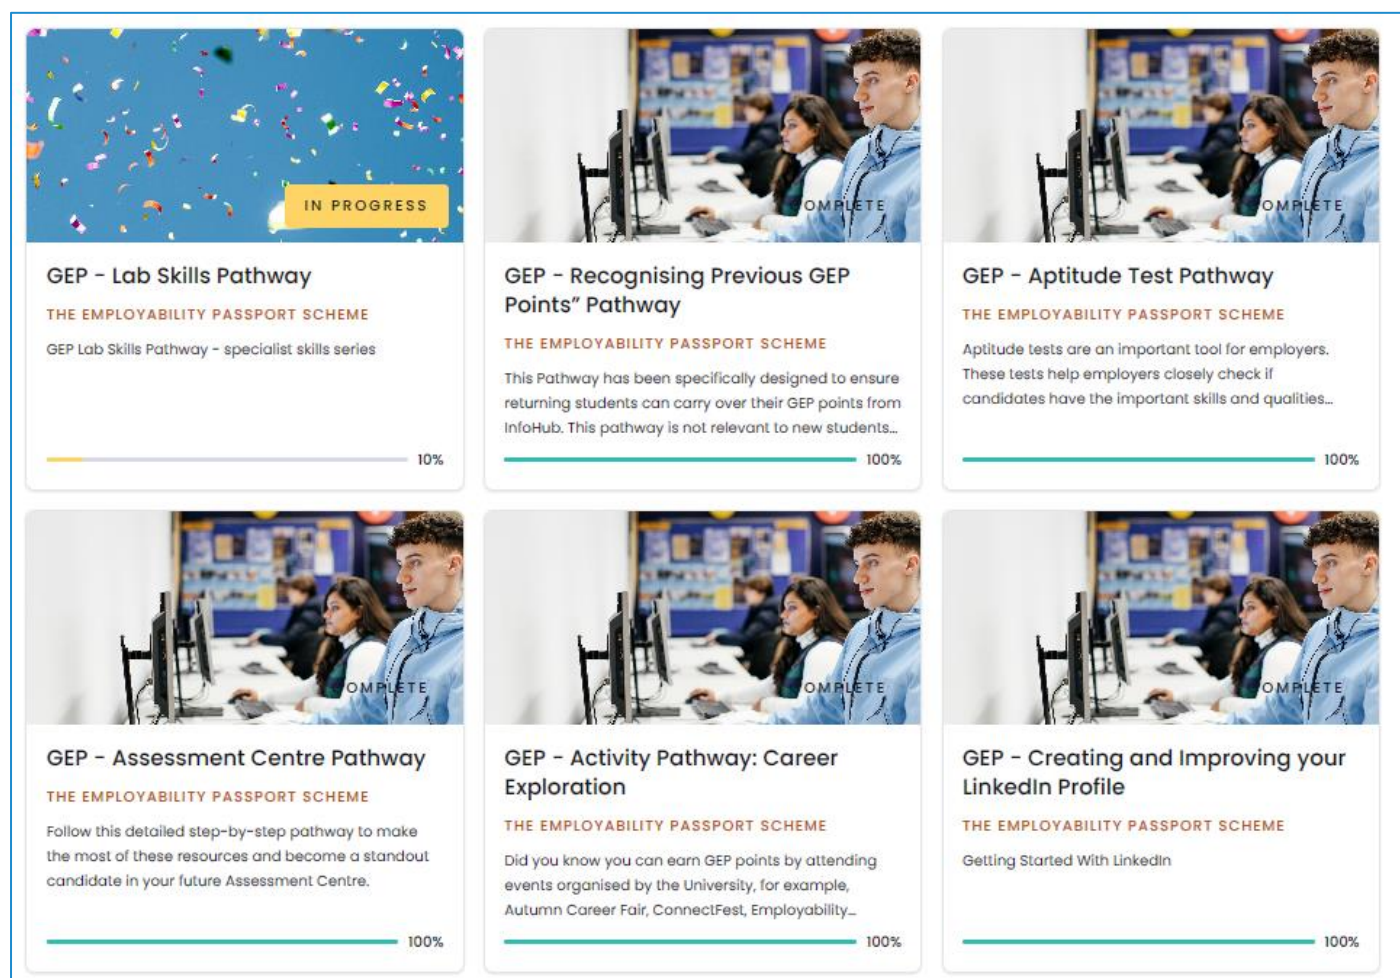

Screenshot showing you how to do this:

This will bring you to the Pathways homepage which shows you the progress of all pathways you have started. Select The Employability Passport Scheme category if you wish to only see GEP Pathways:

You can see that this student has completed **4 pathways**, so they currently have **200 points** as completing each Pathway will award you 50 points.

You only get points from completing certain GEP Pathways, you do NOT get points for the **GEP - Getting Started** and **GEP - Recognising Previous GEP Points** pathways as they don't contain learning modules.

## **Deadline**

We will be closing all pathways for this academic year 6<sup>th</sup> June 2025. Then we will start to present certificates and other rewards by July 2025.
